GLOBE INN,

YORK STREET, NEAR THE DIAMOND,

GETTYSBURG, PENN'A.

THE undersigned would most respectfully inform his numerous friends and the public generally, that he has purchased that long established and well known Hotel, the "Globe Inn," in York street, Gettysburg, and will spare no effort to conduct it in a manner that will not detract from its former high reputation. His table will have the best the market can afford, and his chambers are spacious and comfortable—and he has laid in for his bar a full stock of wines and liquors. There is large stabling attached to the Hotel, which will be attended by a reliable and accommodating ostler. The proprietor hopes to receive a liberal share of public patronage, and will always try to deserve it. Remember the "Eagle," in the northeast corner of the Diamond, New Oxford.

HOOFLAND'S GERMAN BITTERS,

AND

Hoofland's German Tonic.

THE GREAT REMEDIES

FOR ALL DISEASES OF

THE LIVER, STOMACH, OR DIGESTIVE ORGANS.

HOOFLAND'S GERMAN BITTERS

Is composed of the pure juices (or, as they are medically termed, *Extracts*) of Roots, Herbs, and Barks, making a preparation, highly concentrated, and entirely *free from alcoholic admixtures of any kind.*

HOOFLAND'S GERMAN TONIC

Is a combination of all the ingredients of the Bitters, with the moral quality of *Santa Cruz Rum*, Orange, &c., making one of the most pleasant and agreeable remedies ever offered to the public.

Those preferring a Medicine free from Alcoholic admixture, will use

Hoofland's German Bitters.

Those who have no objection to the combination of the Bitters, as stated, will use

Hoofland's German Tonic.

They are both equally good, and contain the same medical virtues, the choice between the two being a mere matter of taste, the Tonic being the most palatable.
The stomach, from a variety of causes, such as Indigestion, Dyspepsia, Nervous Debility, etc., is very apt to have its functions deranged. The Liver, sympathizing as it does with the Stomach, then becomes affected, the result of which is that the patient suffers from several or more of the following diseases:

CONSTIPATION, FLATULENCE, INWARD PILES, FULLNESS OF BLOOD TO THE HEAD, ACIDITY OF THE STOMACH, NAUSEA, HEART-BURN, DISGUST FOR FOOD, FULLNESS OR WEIGHT IN THE STOMACH, SOUR ERUCTATIONS, SINKING OR FLUTTERING AT THE PIT OF THE STOMACH, SWIMMING OF THE HEAD, HURRIED OR DIFFICULT BREATHING, FLUTTERING AT THE HEART, CHOKING OR SUFFOCATING SENSATIONS WHEN IN A LYING POSITION, DIMNESS OF VISION, DOTS OR WEBS BEFORE THE SIGHT, DULL PAIN IN THE HEAD, DEFICIENCY OF PERSPIRATION, YELLOWNESS OF THE SKIN AND EYES, PAIN IN THE SIDE, BACK, CHEST, LIMBS, ETC., SUDDEN FLUSHES OF HEAT, BURNING IN THE FLESH, CONSTANT IMAGINING OF EVIL, AND GREAT DEPRESSION OF SPIRITS.

The sufferer from these diseases should exercise the greatest caution in the selection of a remedy for his case, purchasing only that which he is assured from his investigations and inquiries possesses true merit, is skillfully compounded, is free from injurious properties, and has established for itself a reputation for the cure of these diseases. In this connection we would submit these well-known remedies—

HOOFLAND'S GERMAN BITTERS AND HOOFLAND'S GERMAN TONIC.

PREPARED BY *DR. C. M. JACKSON,* PHILADELPHIA, PA.

Twenty-two years since they were first introduced into this country from Germany, during which time they have annihilately performed more cures, and benefited suffering humanity to a greater extent, than any other remedies known to the public.
These remedies will effectually cure Liver Complaint, Jaundice, Dyspepsia, Chronic or Nervous Debility, Chronic Diarrhœa, Disease of the Kidneys, and all Diseases arising from a Disordered Liver, Stomach, or Intestines.

DEBILITY,

Resulting from any Cause whatever; PROSTRATION OF THE SYSTEM, Induced by Severe Labor, Hardships, Exposures, Fevers, &c.

There is no medicine extant equal to these remedies in such cases. A tone and vigor is imparted to the *whole system, the appetite* is strengthened, food is enjoyed, the stomach digests promptly, the blood is purified, the complexion becomes sound and healthy, the yellow tinge is eradicated from the eyes, a bloom is given to the cheeks, and the weak and nervous invalid becomes a strong and healthy being.

PERSONS ADVANCED IN LIFE,

And feeling the hand of time weighing heavily upon them, with all its attendant ills, will find in the use of the BITTERS, or the TONIC, an elixir that will instil new life and vitality, restore in a measure the energy and ardor of more youthful days, build up their shrunken forms, and give health and happiness to their remaining years.

NOTICE.

It is a well-established fact that fully one-half of the female portion of our population are seldom in the enjoyment of good health; or, to use their own expression, "never feel well. They are languid, devoid of energy, extremely nervous, and have no appetite.
To this class of persons the BITTERS, or the TONIC, is especially recommended.

WEAK AND DELICATE CHILDREN

Are made strong by the use of either of these remedies. They will cure every case of MARASMUS, without fail.
Thousands of certificates have accumulated in the hands of the proprietors, but space will allow of the publication of but few. Those, it will be observed, are men of note and of such standing that they must be believed.

TESTIMONIALS.

Hon. Geo. W. Woodward,

Chief Justice of the Supreme Court of Pa., writes:

Philadelphia, March 16, 1867.

"I find 'Hoofland's German Bitters' is a good tonic, useful in diseases of the digestive organs, and of great benefit in cases of debility, and want of nervous action in the system. Yours truly,
GEO. W. WOODWARD."

Hon. James Thompson,

Judge of the Supreme Court of Pennsylvania.

Philadelphia, April 29, 1868.

"I consider 'Hoofland's German Bitters' a *valuable medicine* in case of attacks of Indigestion or Dyspepsia. I can certify this from my experience of it. Yours, with respect,
JAMES THOMPSON."

From Rev. Joseph H. Kennard, D. D.,

Pastor of the Tenth Baptist Church, Philadelphia.

Dr. Jackson—Dear Sir: I have been frequently requested to connect my name with recommendations of different kinds of medicines, but regarding the practice as out of my appropriate sphere, I have in all cases declined; but with a clear proof in various instances and particularly in my own family, of the usefulness of Dr. Hoofland's German Bitters, I depart for once from my usual course, to express my full conviction that, *for general debility of the system, and especially for Liver Complaint, it is a safe and valuable preparation.* In some cases it may fail; but usually I doubt not, it will be very beneficial to those who suffer from the above causes. Yours, very respectfully,
J. H. KENNARD,
Eighth, below Coates St.

From Rev. E. D. Fendall,

Assistant Editor Christian Chronicle, Philada.

I have derived decided benefit from the use of *Hoofland's German Bitters, and feel it my privilege* to recommend them as a most valuable tonic, to all who are suffering from general debility, or from diseases arising from derangement of the liver. Yours truly,
E. D. FENDALL.

CAUTION.

Hoofland's German Remedies are counterfeited. See that the signature of C. M. JACKSON, is on the wrapper of each bottle. All others are *counterfeit.*

HETTY'S VICTORY.

BY MRS. WILKINSON.

"Ah me! how the systematic housekeepers in this busy, bustling world of ours manage to get along I should like to know!" said Mrs. Hetty Gay, the bride of a year, while a scowl gathered and settled upon the white forehead and spread itself down to the sweet mouth, chasing the dimples all away and leaving an ugly frown, almost the first in her life, in their stead.

"I declare it's just enough to drive one mad—this housekeeping—indeed it is!" and the sweet voice quivered just a little at first, then a great sob swelled up from the inexperienced little heart, which *fluttered* and beat like a *frightened* bird's, and at last the tears would and did come as the red lips murmured between the sobs: "And dear Alf is *so* particular, and *such* an epicure, and likes *so many* dainty things. Oh! what shall I do? *What shall I do?*" and Hetty sunk down in dismay in the old kitchen chair which Bridget had so recently vacated.

There were all the breakfast dishes to be washed—not so many to be sure, for only two had breakfasted from off the dainty china which looked such a prodigious pile to the blue eyes—the whole house to be swept and dusted (Hetty had three rooms beside the kitchen) and dinner to get (for two). "And, oh dear! the mercy only knows what all! I never can do it, indeed I never can!" she sobbed over and over again.

Now, Hetty Gay was not a foolish, weak-minded little woman, as perhaps the reader will imagine, but quite the contrary. Never, in all her life, had such a weight of care rested upon her young shoulders; and as it rose up before her in such prodigious proportions, she did what many another would have done in like circumstances.

"If I could only learn," she at length whispered through her tears, "but how can I? There is no one here to show me, and then dear Alf will see how awkward I am. *That* is worst of *all!*"

There was a ring at the door, and Hetty sprang up, bathed her eyes, gave one dubious look back at the huge pile of china, and brushing away the golden mist of ringlets from her face, prepared to obey the summons.

"Oh! I do hope it is only the butcher with the roast," she murmured, giving a hasty glance at the mirror in the dining room, where a pair of swollen eyes *and a troubled face confronted her.*

"Oh, Lou! where did you come from?" cried Mrs. Hetty eagerly—the dimples all coming back and the ugly scowl vanishing like a dream when she encountered the smiling face of Lou Burton at the door. The friend of all others whom she wished most to see at this particular juncture was this same Lou Burton, and she had thought of her at least a dozen of times since Bridget's abrupt leave-taking, but then she lived so far away, and it was no use, she thought.

"But, dear Lou, how did you happen to come just now?" she said. "My good genius must have sent you here today, I'm sure, for I was so wretched. Bridget left this morning, you see, and I'm all alone and have been crying like a baby this half hour! I'm so stupid, you know, and as ignorant of housekeeping matters as a two days-old baby, which I wouldn't have Alf know for all the world. Come with me, Lou—that's a dear—right out to this awful kitchen, and give me my first lesson in housekeeping!"

"But you are not going to work in that elegant cashmere wrapper, are you, Hetty?" said Lou Burton, the practical little housekeeper and economist that she was.

"Oh, it won't hurt it, just this once, you know, and—"

"But it will, Hetty," persisted Lou. "Now, you go and slip on a plain calico, while I go to the kitchen and commence operations."

"But will you stay a whole week, dear, and help me through?" said Hetty, imploringly, as she turned to obey.

"Certainly, I will," answered Lou, in spite of herself, at Hetty's beseeching look.

"Now, mind you don't do a thing till I come there; for I must learn, you know," called out Hetty after her.

Dinner time came, and with it "dear Alf," as "hungry as a bear," he said, for he had been out on a collecting tour, and was ready to "devour a whole regiment." After a hearty welcome to Hetty's friend, he led the way to the little dining room.

"Whew, Hetty!" he said, after surveying the appointments with a critic's eye: "I do believe you beat Bridget after all. Just look at this roast, now; it suits me to a charm—just brown enough, and done to perfection; and these rolls are as light as a feather. How splendidly the table looks. Everything just where it belongs! I declare, that Irish girl had a way of mixing up things that I didn't just like, after all. Hetty, this salad's prepared just as I used to like it when a boy—I tell you it's delicious,—and a prince might covet that desert on the side table yonder. Really, Miss Burton, I never knew until to-day that my little Hetty was such a model housewife!"

Lou was amused. Hetty sat smiling through her tears—a slight quiver about her sweet lips and a deep flush on either cheek, but very busy with her thoughts.

Days and weeks passed. Lou Burton was a constant at the Gay's, where no Bridget had as yet taken the place of her predecessor. By-and-by the weeks glided into months, and Lou only came occasionally, for Hetty had graduated, and Alfred Gay never knew until years afterward how *bravely* she had *won!*

A WAG, some years ago, advertised a carriage to run without horses with only one wheel, and invited the curious in to see it. Many of the members of the Society of Arts attended. They were shown a wheel-barrow.

THE LODGE OF SORROW.

Irving Hall, New York, on Tuesday evening last, says the New York *Sun*, presented a strong contrast to its usually gay appearance. Instead of lively dancers, about two thousand persons, nearly all of whom were attired in the sable costume of mourning, assembled in that hall to witness a Lodge of Sorrow, gathered together to commemorate the memory of those brothers of New York Lodge, No. 330, F. and A. Masons, who had died during the past year. The hall was heavily draped in black, and a catafalque, on which were emblazoned the names of the above specified brothers, was erected in the centre, with lighted tapers at each corner. The seats for the guests were arranged on three sides of the catafalque, the upper end of the hall being left free for the grand officers. The open Holy Bible was placed on an altar in front of the catafalque, and around the galleries were emblazoned the names of other members who had died since the organization of the Lodge. The ceremonies were commenced with the entrance of the Lodge in procession, the officers being attired in a handsome funeral regalia. Four brothers, attired in mourning, with white scarfs, then took their stations, one at each corner of the catafalque, and the Lodge, occupying the front seats around the catafalque, was opened in the form set apart for such occasions. An ode was sung by the brethren, and after a prayer by the R. W. and Rev. F. C. Ewer, Grand Chaplain, and an anthem from the quartet choir, a second ode was sung by the brethren. The Master, W. Bro. J. R. Elsey, taking the skull in his hand, delivered an address to the Lodge on the subject of death; after which the quartet choir sung a beautiful piece, entitled "Rest, Spirit, Rest."

The choir then chanted the Lord's Prayer in a solemn and low tone, after which the funeral procession was formed, and the white flowers, white wreath, and evergreen wreath, deposited on the bier by the principal officers of the Lodge, each action being accompanied by appropriate remarks and solemn music The M. W. Brother John W. Simons, P. G. M., delivered the funeral oration. After the oration the choir chanted an "Ave Maria," and the Lodge of Sorrow was finally closed in due form, the whole assemblage first singing an ode to the tune of "Old Hundred."

CHARACTER.—We may judge a man's character by what he loves—what pleases him. If a person manifests delight in low, sordid objects, the vulgar song and debasing language; in the misfortunes of his fellows or cruelty to animals, we may at once determine the complexion of his character. On the contrary, if he loves purity, modesty, truth—if virtuous pursuits engage his heart and draw out his affections—we are satisf

THE IMPEACHMENT TRIAL.

The testimony in the impeachment trial was closed on Monday, when the court adjourned until Wednesday, to allow counsel time to prepare their arguments.

The people of the United States now thoroughly understand the position occupied by President Johnson and his accusers. They have read and weighed the evidence on both sides. They see that nothing has been proven against the President; that no law has been violated by him in such manner as to constitute any offense, much less such a "high crime and misdemeanor" as would justify his impeachment and removal from office. It is the conviction of every candid man in the nation, without respect to party, that Mr. Johnson has been proven by this very trial to be entirely innocent of any impeachable offense.

Whatever may be the verdict of the Senate, that of the great jury composed of the American people, will be in favor of the accused. Should the Senate convict, in the face of the failure of the managers to produce any evidence to warrant it, woe be to those guilty of such an outrage upon law and justice, merely that *party hate* might be gratified. The deposition of the constitutionally elected President would be looked upon by the people as a revolutionary step of most dangerous character, and they would condemn it at the ballot box in such a manner as to consign every Radical leader of the present day to eternal infamy. Impeachment was a blunder, and Radicalism alone must bear the consequences, let the trial terminate as it may.

—Mr. Routwell commenced his speech on Wednesday. Under an order adopted on that day, it is thought that all the managers and President's counsel will either speak or file written arguments. The end of the trial will not be reached for a week yet.

If the Radicals who make up the majority of the highest legislative body in this country had one particle of respect for the United States Senate they would instantly and ignominiously expel Secretary John W. Forney, who is *ex-officio* Clerk of the Court of Impeachment, and who, while acting as an officer of that Court, uses "my two papers, both daily," not only to vilely abuse the President of the United States, but to bully Senators sitting as jurors to give a verdict, not according to the evidence in the case in question, but as partisans and in accordance with the dictates of the extremest and most reckless Radical leaders. Such acts should expel Forney from his secretaryship as summarily as his infamous Forrest-Jamieson letter exiled him from the society of decent men.

THE TIDE OF REACTION STILL SWEEPS ON.—The great tide of reaction against the revolutionary policy of the Radicals still swoops on. In the cities and towns of New York immense Democratic gains have just been made, and in New Jersey the same thing has been going on. The Democrats have elected the Mayor of Jersey City by 886 majority, a gain of 971. Hudson City gives 1000 Democratic majority, a Democratic gain of 600. Hoboken has been carried by the Democrats with a gain of over 400. The municipal election in Bergen has also gone Democratic, being a Democratic gain. So it is all over the country. Is there not a glorious significance in these results? Do they not indicate with absolute certainty that the destruction of the Radical party is at hand?

GLORIOUS DEMOCRATIC VICTORY IN CHICAGO!—The Democrats elected their Judge and Clerk in Chicago on Tuesday, by nearly one thousand majority. The Radical majority last spring was over three thousand. Huzzah! The great West is coming! Illinois is safe for the Democracy!

THE members of the New England Methodist conference adopted resolutions endorsing the impeachment of President Johnson; and then adjourned over to vote and work at the Connecticut election. We laugh at the visages of these political preachers must have appeared haggard and woe begone, indeed, after their return from the field on which radicalism and impeachment were so completely defeated by the conservative hosts of Constitutional Democrats. They would all have felt better if they had attended to their religious duties in the spirit of their master, instead of stirring up strife and kindling political animosities.

A GOOD WOMAN!—The Hartford *Times* tells a good story of Mrs. John Rubner, (a German woman,) of that city. Her husband, (a small man,) was confined to his house by rheumatism, unable to walk to the polls.—Seeing that he was likely to lose his chance of voting for Gov. English, she proposed to carry him on her back, and actually did so! When the crowd at the polls saw her approach, they gave her three cheers, and made up on the spot a purse of $200 for her. This is the spirit with which the Democracy of Connecticut went into the contest.

A LEADING Republican journal said the day before the Connecticut election: "The result will be regarded as an important indication of popular sentiment on impeachment, reconstruction, *and the nomination of Gen. Grant.*

Well, how about it? Is the doubling of the Democratic majority any indication of popular sentiment on reconstruction, impeachment, and, above all, about the nomination of Gen. Grant?

"GRANT and Victory!" was what the Radicals shouted before the election in Connecticut. But the "victory" didn't come, and Grant stock is running down. The people have no confidence in it, and will force it out of the market before November.

THE Gettysburg lottery has proven a contemptible and outrageous swindle, in which men of responsibility are involved, and for which all concerned should be called to a strict account.—*York Pennsylvanian.*

McConaughy was "concerned" to the extent of helping to engineer the swindle through the Legislature, at least.

NEVER was a Senatorial district more shamefully misrepresented than this has been during the last three winters; and the people, of all parties, are therefore glad that the opportunity to secure a change will soon present itself. "Any change will be an improvement."

THE Radicals of Washington City have elected John T. Johnson, the negro barber for the Rump House, as a delegate to the Chicago Convention.

SERIOUS QUESTIONS.

The President is impeached for *seeking to ascertain whether a certain law is Constitutional or not.* This is the high crime and misdemeanor charged upon him, in reality. He said the Tenure-of-Office law is no law—is unconstitutional, and sought to obtain the decision of the Supreme Court upon it. The Radicals say that the law is binding upon him until pronounced void by the Court. Suppose, says the Albany *Argus*, that Congress should pass a law abolishing the office of President of the United States, commanding the President forthwith to leave the White House, to do no act, nor attempt to do any act whatever as President; and suppose that for a violation of this act he should be declared guilty of a high crime, punishable by fine and imprisonment. The President vetoes the act, and Congress (as it usually does with unconstitutional acts) passes it over his veto. Would that act be valid until declared otherwise? Would the President be bound to obey it, sworn, as he is, to preserve and defend the Constitution? Would the President be bound to vacate his office? Would he be guilty of a high crime if he attempted to perform his Constitutional duties as President? Could Congress thus change the form of our Government? Is every Executive officer bound to carry it out, unconstitutional as it is? or has every such officer a right to judge of the law for himself, taking the responsibility of a disobedience to the law if it be legal? This is the plain question. Will some Republican statesman or lawyer meet and answer it in a plain, manly way, or else fairly admit the folly and villainy of this impeachment proceeding?

DRUMMING UP VOTES AGAINST THE PRESIDENT.

The Washington correspondent of the Pittsburg *Advocate* says that Sumner is in great mental worriment over a statement of the *Commercial's* correspondent to the effect that he was lately seen and heard rushing up and down Pennsylvania Avenue inquiring for somebody who had influence over Fowler, of Tennessee—such influence as would secure his vote for conviction of the President. The *Advocate's* correspondent says he can "substantiate the statement by a dozen witnesses," and further, says he, "I can prove that he named six men whom he considered 'unreliable,' and upon whom he prayed for influence. He mentioned them aloud, in a street car, to Mr. Stokes, of Tennessee. They were Anthony, of Rhode Island; Ferry, of Connecticut; Fowler, of Tennessee; Edmunds, of Vermont; Patterson, of New Hampshire; and Sprague, of Rhode Island. Besides this, the correspondent says he denounced Chief Justice Chase as one who had "betrayed the cause," and if proof is needed it can be furnished, as well of that as about "influences" which have been brought to bear on other Senators to make them vote for impeachment.

These disgraceful charges against one of the most prominent leaders of the Radical party, and a judge of the "high court of impeachment," remarks the *Patriot & Union*, do not originate with Democratic correspondents nor do they appear in Democratic newspapers. The *Commercial* is a Radical paper and the *Advocate* is an independent workingman's journal. We need only point the people to the facts as given—they need no comments. All can see the infamy of the crusade against the President and all can feel how wofully low the dignity of that once dignified body, the United States Senate, has fallen through its degenerate membership.

THE contested election cases in Philadelphia have been decided in favor of the Democratic candidates. The *Sunday Mercury* has this to say of the outrageous attempt of the Radicals to keep Generals Leech and Ballier and Mr. Megary from taking possession of the offices to which they were elected by a large majority of the people of that city last fall:

The Agony Over.—Over six months ago, Generals Leech and Ballier, and Mr. Joseph Megary, were *honestly* elected by the people of Philadelphia to the respective positions of Register of Wills, City Commissioner, and Clerk of the Orphan's Court; and only yesterday was it decided that the will of the people should be respected, and the Democrats preferred by them to those selected by the great political "Ring" who control the Republican party in this city, be permitted to occupy their respective offices. This is kind on the part of the contestants, particularly as the respondents are the losers to a considerable amount in the shape of fees and salary, which by right ought to be, and would be by honest men, returned to them. We shall recur to this contesting farce hereafter, and show to the public the true object of it. Hereafter, we suppose whenever the incumbent of one of the Row offices feels disposed to extend the term of his office without Legislative aid, he will, immediately after his own defeat, or that of his party friends, have recourse to the contest dodge, and thereby compel the lawful incumbent to waste five or six months in proving that the returns are correct, while he goes on pocketing the fees, drawing the salary, and laughing at the duped community.

ONE of the Radical candidates for Congress from South Carolina, is a wretched, unprincipled fellow named Bowen. This man has prostituted himself to the basest uses. It is said that he preyed alike on white and black. He was in the confederate army as an officer, and was "broke" for misconduct. His commanding officer, Col. White, was soon after shot by a negro, who said he was hired to do it by Bowen. On this, Bowen was arrested and put into jail at Charleston. Before he could be tried, the city fell—and he, with other criminals, was set at liberty. He became a loud-mouthed Unionist, and got into the Freedmen's Bureau. In this official capacity he, it is said, fleeced the poor negroes—was complained of, and shut up by Gen. Sickles in Castle Pinckney. On his liberation, he pitched into politics, got elected to the Convention, and has a fair prospect of being soon a member of the House in Washington!

SAYS the Philadelphia *Post*, a Radical sheet—"Woe be to the Republican Senator who dares to declare him (the President) innocent." This is but one of the many howls of intimidation sent down to the "high court" at Washington, through the Radical press. "Justice has fled to brutish beasts, and man have lost their reason."

THE Radical candidate for Governor of Connecticut was nominated because he had plenty of money and was willing to spend it freely. It is estimated that he was led to the extent of at least $40,000, for which he has nothing to show except a lot of Radical tickets left over, with a likeness of U. S. Grant on them. They may be pretty pictures, but were rather dear at $40,000.

THE refusal of the Radicals of the impeachment court to admit the testimony of the Cabinet officers is regarded by the people of the country as scandalous, and it is.

FARMINGTON, Miss., is scourged with a wonderful visitation of the measles, the first for forty years. Churches, courts, schools and stores are closed; old and young alike are victims of the malady.

THE THIEF CRIES, STOP THIEF!

The Contested Election Case of Robinson vs. Shugart.—It was a political necessity to turn Mr. Shugart out of his seat in the Senate. With him, the Democrats had 14, and to these are sure to be added the Senators to be elected in the Luzerne and Adams districts. Two Senators are to be elected in Philadelphia, and the Radicals fear the coming wrath of the people there. If but one of them were gained, the Democrats would have the Senate, and the profits of the rings, the power of the majority and the patronage of the Senate would be wrenched from their hands. Hence Shugart must be sacrificed. It has been done. Wanton violation of their oaths; utter perversion of the testimony, and obedience to the behest of party have signalized the action of the Radicals on that committee. To the betrayal of their trust, they now add the stale cry of fraud. To cover up their own wrong they deliberately charge the Democracy with frauds which are proven upon themselves. *Their own report admits that 68 fraudulent votes* were polled for Robinson in the district, and they charge that but 23 were polled for Shugart. In this they show *thrice* as much fraud as they charge upon us. They admit that one of their own districts was illegally counted. They re-vamp Know Nothingism and attack the vote at Philipsburg, because of alleged fraudulent naturalization papers. Their newspapers teem with falsehoods in reference to the vote polled there and they deliberately lie in their comments upon their testimony. They charge that eighty fraudulent votes were polled. The petition of Robinson shows that *but forty-two* were claimed, and the positive proof was that *but fifteen* of the railroad hands voted at the polls. *Nine of these* were accounted for as naturalized citizens, and the *remaining six* it is fair to suppose were voted by O'Meara *for the Radicals*, for it was proven that *he was employed and paid for that purpose by them.* This is truly "much cry and little wool." Their newspapers assert that the Democratic State Committee was connected with this alleged fraud. This is another base falsehood for party purposes. If this were true, why is the report of the majority silent upon the subject? The testimony utterly disproved this unfounded assertion of their partisan press. No man—not even O'Meara—proved anything that implicated that committee in the slightest degree, and Mr. Tracy distinctly swore that Mr. Wallace refused to give any money or have anything to do with giving money to O'Meara to buy his absence. It was not necessary to do so, for he was of bad character and was successfully impeached. This whole cry of fraud at Philipsburg, and fraudulent naturalization papers, is the flimsy pretext to cover up the gross wrong they commit in ousting Shugart. It is a deliberate perversion of truth, in order to attack foreign born citizens. It is another outcropping of the old vice of Know Nothingism in '55. Fisher, one of the Committee, but last week denounced "*the Democratic party as composed of bog-trotting Irishmen and swag-bellied Lager Beer Dutchmen,*" and Landon, another of the same Committee, on the same day, asserted "*that a negro was more entitled to the elective franchise than an Irishman.*" Is it strange that such men should concoct this story of frauds? They hope to aid their party, whilst they glut their prejudices. The calm and clear report of the minority of the Committee effectually disposes of this infamous cry of fraud. The Radicals throw out the *whole vote of Rush township* because of these alleged frauds. The Judge of that election swears *that but six Irishmen* voted at that poll on that day. Shugart's majority there was 57. By this gross outrage the whole of the people there are disfranchised. They throw out 318 Philipsburg, whilst the proof was clear that *but twelve* of the Irishmen voted there on that day. They refused to reject the vote of Taylor township, Blair county, although the *officers were not sworn*; yet they rejected the whole vote of Carbon township, Huntingdon county, because there was a drunken man in the room during day. That district gave Shugart 65 majority, whilst Taylor township gave Robinson 85 majority. In five other districts in Huntingdon county greater irregularities were shown than in Carbon district, yet they are counted as 367 majority for Robinson, whilst Carbon is thrown out.

An infamous wrong has been perpetrated in this matter for purely partisan purposes. A Senator elected by the people has been ejected from his seat and his constituents outraged by imposing upon them a Senator whom they had deservedly repudiated. He will reflect no honor on their cause. Their cry of fraud will recoil upon themselves. The people of the district know the facts and they will punish this infamy. Read the reports, read the testimony, and all will condemn the iniquity.—*Harrisburg Patriot.*

"THE election in South Carolina has resulted in a great Republican victory," says a Radical organ. Good Lord, what shamelessness! A "*great* Republican victory"—achieved for negro candidates, with negro votes, and by the disfranchisement of a majority of the most intelligent and best white men of the State! Oh, how the Radical party has "stooped to conquer"—stooped to the use of all the corrupting, diabolical and tyrannical machinery within its reach. Shame upon any one calling himself a man to glory in such a victory.

NEGRO VOTING STOPPED IN OHIO.—The Supreme Court of Ohio decided that the clause of the Constitution which restricted the right of suffrage to white men, did not preclude those negroes who had a preponderance of white blood from voting. Under that decision Radical election boards allowed sixteen pure Guinea niggers to vote last fall. The Democratic Legislature has decided to put a stop to that, by passing a law declaring that no one with negro blood in his veins shall vote. That is exactly right.

NEW ENGLAND SQUIRMING.—A Boston merchant writes a western commercial house:—"If the two Houses of Congress could be sunk about two hundred feet under the earth, when they could never rise again, you would see trade and commerce resume, and would also see a smile on every honest man's face in the country. The Lord deliver us from such legislation as that we are now enduring."

THE NEGRO PARTY.—Forney says, "The election in South Carolina has resulted in a great Republican victory." The blacks were victorious and the white men were defeated. This is the issue before us. Shall the black man triumph over the white? What say you, reader?

It is said that Forney is mad with the impeachers because they neglected to enumerate among the "high crimes and misdemeanors" of the President, his having called him a "dead duck."

THE UNION PACIFIC RAILROAD—530 MILES COMPLETED.

We learn that the Union Pacific Railroad is being pushed forward this year more rapidly than ever, a much larger force will be employed upon it during 1868 than ever before. Rockvuttings have been continued in the Laramie Mountains during the entire winter, and there has been much less snow there than in the latitude of New York city. Not less than 5,000 additional laborers will be in the field this season, besides 1,000 mechanics, bridge builders, iron workers, &c. There will also be 2,000 teams, with the necessary horses and mules for the plows and scrapers, and not less than 1,500 wagons and carts. Much of the lumber for bridges, ties, &c., is already cut, and saw-mills and shops are busy in turning out the mechanical appliances for the great work. Iron sufficient to lay 200 miles of additional track has already been delivered on the ground, and there is every prospect that not less than 300 miles more road will be finished during the present year.

We have just learned by telegraph that 550 miles west from Omaha are now completed, and that the locomotive, followed by its long train of cars, is *actually running over the highest point of the Rocky Mountain that will be traversed by the line.* This achievement is something to be proud of, and gives good promise that eight to nine hundred miles of the eastern end of the line will be in running order during this year. The western end, beginning at Sacramento, California, is being pushed forward with similar vigor, and we learn that 400 miles of it is expected to be finished this season. The distance from Omaha to Sacramento is 1721 miles, and it is now believed that at least 1200 miles of the whole line will be finished before 1869. This will leave only between 500 and 600 miles to be completed hereafter, and it would not be surprising if the grand celebration of the completion of the Pacific Railroad would take place a twelve month earlier than the Companies now promise. Genius, Pluck, and Money will then have accomplished one of the greatest and most useful works in the world. It was indispensable to the political as well as physical welfare of the country. It will bind the great extremes of the nation together, stop our Indian wars, develop our mineral resources, and add greatly to the wealth and prosperity of the nation.

It can hardly be doubted that this—the only railroad between the Atlantic and Pacific States—will be a very profitable as well as a very valuable work. The great tide of travel between the two oceans must flow over it, and the merely local business which springs up along the line, as it is opened, and with the adjacent mines, not only pays the interest on all the bonded debt of the Company, but a handsome profit besides. The net earnings of the Union Pacific on 396 miles of road from May to January last, are officially reported at over a million dollars, and Congress already threatens to interfere to reduce rates and compel the Company to stop making so much profit. As the Government advances about one-third of the cost of the road, and appoints five of the directors, it will have an active voice in the matter whenever it is necessary to exercise it.

The Company's First Mortgage Bonds, bearing six per cent. gold interest, have a ready sale, and a limited amount are now offered at par. We can see no reason why they are not a perfectly safe as well as a very profitable security. Subscriptions are received by various Banks and Bankers advertised as agents, who have a valuable pamphlet for gratuitous distribution to parties interested, which will furnish full information.

AUGUSTE BELMONT, Esq., Chairman of the National Democratic Executive Committee, in his official capacity, urges organization everywhere. In his letter he expects "such measures to be taken that will bring to our aid in the contest before us, the combined strength of *all those who are opposed to congressional usurpation and negro supremacy.*" These are the true and only grounds upon which we ought to stand. "Democracy" and "conservatism" are absorbed in "constitutional liberty." We want no other distinctions.

PRENTICE thinks that General Grant is decidedly more unpalatable to the people since he was roasted by President Johnson than he was when raw. Probably he was over-done.

THE *Louisville Courier* advises the Democracy to steer entirely clear of the financial question in the coming campaign. It argues that to take position on it must create dissension.

Barn Burned.—On Friday night last, between eleven and twelve o'clock, a barn belonging to Mr. Daniel Loucks, situated in Spriggarden township, a mile or two north of Frystown, was totally consumed by fire. Mr. John Snyder, the tenant, lost 4 mules, 4 cows, 2 heifers, 2 calves, sheep, new wagon, 100 bushels corn, lot of oats, farming implements, &c. He had no insurance whatever, and the loss falls heavily upon him. The barn was insured for $1000 in the Spriggarden Mutual Fire Insurance Company, and Mr. Loucks' loss over and above this is about another thousand. The tenant's loss is about $1800. Collections were being taken up in his behalf.—*York Gazette.*

Charter Granted.—The court has granted a charter to the Littlestown Building Association. It will go into immediate operation and prove highly beneficial to the town.

The Grand Jury, on Tuesday, approved the application for the incorporation of York Springs as a borough.

Columbia Bridge.—The re-building of the bridge across the Susquehanna between Columbia and Wrightsville has been commenced. The *Herald* says it will probably be completed by January 1st, 1869.

The Latest News.—Norris has just returned from the City with one of the largest and most complete assortments of Clothing, Hats, Caps, Boots and Shoes, which it ever has been the fortune of mankind to see in Gettysburg. Norris cannot be beat in making selections of Gents' furnishing goods, as he always buys from the best houses and buys the latest and best styles of goods. Now if you want a good article and a little cheaper than the cheapest, go to Norris', next door to Buehler's Drug Store.

TOWN, COUNTY AND SURROUNDING COUNTRY.

Notary Public.—S. S. Bishop, Esq., of Littlestown, has been appointed a Notary Public, at the recommendation of the Littlestown Savings Institution. Mr. B will make a good officer.

Gettysburg Weavers.—Will meet for business and drill to-morrow at 1½ o'clock P. M. Every member is requested to be present, as business of importance will be brought before the company.

Lot Bought.—James Wilson has purchased from Nicholas Weaver, a half lot of ground on Chambersburg street, for $325, intending to put up a two-story dwelling.

Admitted.—J. H. Lefever, Esq., was, on Monday, admitted to the Bar, after passing a very creditable examination in open court. In the evening Mr. L. entertained the Bench, Bar, and other friends, at the Washington House, and a very pleasant affair it was.

Mount Rock Turnpike.—By reference to our advertising columns, it will be seen that books for subscriptions to the capital stock of the Mount Rock and Hanover Turnpike Company have been opened. Starting, as the road would, at the north-western border of the Conowago limestone valley and passing across its entire width, taking the growing village of McSherrystown in its route, and terminating at the enterprising town of Hanover—thus located from beginning to end in one of the most productive, populous and wealthy agricultural regions of the State—it seems to us that there ought to be no difficulty in raising the amount required to construct it—$20,000. The convenience of this turnpike, the bad roads in winter and spring considered, would be beyond all estimate, whilst the enhancement of the property for miles on either side would be very great. We hope to chronicle the early success of the enterprise.

April Court.—Court is still in session, but will most likely get through to-day. Judge Fisher was here on Monday, and attended to some miscellaneous business in the afternoon, though still in anything but good health. On Monday evening Judge Butler, of the Chester district, arrived, and taking the bench on Tuesday morning, has presided ever since. He has made a very favorable impression. The following cases have been disposed of:

COMMON PLEAS.

Henry Gehr vs. Wm. Benchoff.—Summons in trespass, growing out of a horse transaction. Verdict for plaintiff for $153 12½.

Butler School District vs. Samuel Lentz.—Appeal from Justice of the Peace. Judgment by agreement for plaintiff for $59.

I. D. Jones vs. Geo. Rex, Charles Camp and Jesse Ebbert.—Summons in trespass, growing out of sale of daguerreotype wagon and instruments. Verdict for defendants.

Andrew G. Myers vs. same parties.—Cause the same, and verdict for the plaintiff for $274 03.

Peter Wolf vs. Washington Benchoff.—Action in assumpsit. Judgment of non-suit entered by order of Court for non-appearance of plaintiff.

Henry Hartzel vs. Benjamin F. Fickel and Solomon Bender.—Action in assumpsit. Verdict for plaintiff for $212 65.

Elizabeth Kunkel vs. Elizabeth Herring. Action in slander. On trial as we write.

QUARTER SESSION.

Commonwealth vs. John Cook.—Larceny of umbrella from R. G. Harper. Verdict, guilty, and defendant sentenced to the County Jail for two months and pay the costs of prosecution.

Commonwealth vs. John Cook.—Larceny of umbrella from J. C. Burns. Verdict, guilty, and defendant sentenced to the County Jail for two months and pay costs of prosecution.

Commonwealth vs. James Elliott and Henry Rule.—Larceny of watches from Soper & McCartney. Elliott plead guilty, and was sentenced to the County Jail for one year, and to pay $5 fine and costs; Rule was tried, and found guilty, and sentenced to nine months in jail, and pay $5 fine and costs.

Commonwealth vs. George Watson.—Assault and battery upon John Sites. Verdict, guilty, and defendant sentenced to pay a fine of $25 and costs of prosecution.

Commonwealth vs. Upton Johnston.—Assault and battery upon James Warfield (both colored.) Verdict, guilty, and defendant sentenced to pay a fine of $2 50 and costs of prosecution.

Robbery.—On Thursday morning last four 7-30 Bonds of $100 each were stolen from a drawer in the residence of William Ellis, a respectable and well known member of the Society of Friends, in Menallen township. They belonged to Mrs. Ellis, she having purchased them with the proceeds of a special legacy left her by a relative. Suspicion attaches to an Englishman, passing by the name of George Wilson, whom Mr. Ellis took into his employ some two years ago. Wilson left on Thursday morning, ostensibly to attend to some business with a neighbor, taking with him one of Mr. Ellis' horses. Not returning, Mr. Ellis subsequently learned that Wilson had come on to this place, exchanged one of the Bonds at the First National Bank, left the horse at the "Washington House," and took the cars for Baltimore. The horse was of course recovered. It seems that Wilson had secured Mr. Ellis' confidence, and had a short time before borrowed $60 from Mrs. Ellis, and also $10 on the morning of the day on which he decamped. He is a man of medium size, and pleasant address—has a strongly marked English accent.—*Star.*

Patent Case.—The York *Gazette* says: Our townsman, J. H. Shriner, for the American Horse Rake Company, of this place, recently applied to the U. S. Circuit Court for the Eastern District of Pennsylvania, for an injunction restraining Samuel Keeler and A. K. Bowers, of Lancaster, Pa., George Radley, of West Chester, and Messinger & Shimer, of Nazareth, Pa., from infringing on certain patent claims held and enjoyed by said Company. The case was heard by the Court and a perpetual injunction issued on the 6th inst., agreeably to the prayer of the petitioners. The rights of this Company embrace all the most valuable inventions in the construction of the Rake, and they are now being extensively infringed by manufacturers. We learn that it is their intention to prosecute their claims against all who may be found infringing their rights.

Chime of Bells.—The First Reformed Congregation at York, (Rev. Mr. Miller's,) are about to procure a chime of nine bells for their fine church edifice. Several members have subscribed large sums, and there seems to be no doubt that the whole amount will speedily be raised. The chime will prove one of the features of that "thriving village."

Funeral of Rev. Dr. Baugher.—The remains of Rev. Dr. Baugher were interred in Evergreen Cemetery on Friday morning last. The services were held at his late residence, on the College campus, the family preferring that they take place there instead of in the church. Impressive remarks were made by Rev. Dr. Hay, Pastor of the church, Rev. Dr. Lochman, of York, and Rev. Butler, of Washington; Rev. Dr. Schmucker closing with prayer. There were present, besides the resident Clergy and Faculties of the College and Seminary, Revs. Lochman, Baum and Lilly, of York; Alleman and Yingling, of Hanover; Heiny, of Littlestown; Johnson, of Emmittsburg; Stork, of Baltimore; and Butler, of Washington. Rev. Drs. Schmucker, Lochman, Brown, Valentine, and Baum, and Rev. Stork, acted as pall-bearers. The closing services at the grave were by Drs. Hay and Brown. The funeral was largely attended.

Christ Church, whose pulpit Dr. Baugher has filled from time to time for the last thirty years, has been draped in mourning, by order of the Church Council—the words "Remember the words I spake unto you while I was yet with you," appearing in large letters on the recess back of the pulpit.

The death of Dr. Baugher necessitates the election of a President of the College, and we understand that a special meeting of the Board of Trustees will be held on Friday, the 15th of May, for that purpose. The College has had but two Presidents since its organization, in 1832—the late Dr. Krauth filling the position until 1850, when Dr. Baugher succeeded him. By a singular providence, both have been called to their rest within the past year.

We annex the memorial tributes adopted by the College Faculty and the Council of Christ Church.

CHRIST CHURCH.

Not a year has elapsed since we were called upon to record the death of a beloved and revered father in Israel, long an honored member of our Church, and for a season its faithful Pastor, the Rev. Dr. C. P. Krauth. And now it becomes our sad duty to place upon record the departure of another, the Rev H. L Baugher, who became the successor of Dr. Krauth, both in the Presidency of Pa. College and in the Pastorship of our Church, which stations he filled with distinguished ability and success.

We esteem it a privilege to record our high estimate of the fidelity and efficiency of our dear departed brother in all the arduous and responsible positions he occupied, and particularly as the representatives of Christ Church, to give utterance to what we know to be the heartfelt gratitude of all to our Heavenly Father for the thoroughly spiritual and uniformly instructive expositions of divine truth, and for the keenly appreciative and intelligent applications of the same to the hearts and lives of his hearers, to which we have often listened from the lips of our beloved and revered Pastor, now fallen asleep in Jesus.

To his sorely bereaved family we herewith present the assurance of our heartfelt sympathy, and humbly pray that they may be enabled to draw largely from the fountains of divine consolation, knowing that for the dear departed death was but the portal of endless life!

"Blessed are the dead who die in the Lord."

Resolved, That the Church be draped in mourning, as a tribute to the memory of the deceased.

Resolved, That the Pastor of the Church be requested to arrange the services on the first Sabbath of next session with special reference to the death of Dr. Baugher.

COLLEGE FACULTY.

Whereas, it has pleased our Heavenly Father, in His infinite wisdom, to visit us, in the removal by death of our associate and fellow laborer, H. L. Baugher, D. D., the President of Penna., College: Therefore,

Resolved, That while we bow in humble submission to this afflictive dispensation of the Sovereign Disposer of all things, we would, in this hour of our bereavement, give expression to our deep sorrow, at the loss of one so intimately associated with us and who contributed so much, by his wise counsels and faithful services, to aid us in our work.

Resolved, That in the death of its President, Penna. College has lost a friend who devoted his life to its interests—who cherished it in its infancy—who was unfalling in his confidence, and unshaken in his trust in God, in all its trials—who gave to it thirty-seven years of earnest and faithful service, and who did much to bring it to its present prosperity, and make it an efficient agent in blessing the World.

Resolved, That the Church, in his departure, has lost one of her most faithful Ministers; who labored with untiring zeal for her advancement in intelligence and spirituality, and in no small degree contributed to her present position of prominence and usefulness among the churches of the land.

Resolved, That this loss falls heavily, not only on the Institution and Church with which he was connected, but on the community with whose moral and religious interests he was so long identified. As the friend of reform, a leader in every good work, an advocate of every effort designed to ameliorate the condition of his fellow men, society has lost one of its chief ornaments, and the cause of truth and social elevation one of its most ardent supporters.

Resolved, That we will cherish with grateful remembrance the many virtues which adorned his character, the scholarly attainments in which he excelled, his earnestness in the cause of education, his rare gifts as a preacher of righteousness, his fervent and shining piety, and his unwearied efforts for the intellectual and spiritual welfare of the young men who were committed to his care.

Resolved, That the Senior Professor, in the name of the Faculty of Penna. College, address a communication to the family of our departed associate and brother, expressive of our sympathy, embodying the above resolutions, as a testimonial of our high regard for the memory of him whose departure they have been called to mourn.

A Fresh Supply.—We would remind our readers that R. C. Cobean has received a fresh supply of Hats, Caps, Boots and Shoes, for Spring and Summer wear. He always keeps good Goods and sells them as cheap as the cheapest. Go and see his stock and be convinced of its superiority. It

To Sickly Persons.—To persons who are weak and sickly, the use of Speer's Port Grape Wine will restore their health and strength. Physicians, clergymen and temperance advocates should encourage the use of the Port Grape Wine, and thus aid the cause of temperance and moderation. We especially recommend it to families for its purity, exquisite flavor and healthy properties. Medical men certify to its valuable medicinal powers. We understand that Mr. Speer has been for years engaged in preparing and perfecting it, and that it requires a four year's process before it is fit for market.—*N. Y. Baptist.*

Our druggists have procured some direct from the vineyard. It is excellent for females to use.

If any of our readers are prematurely gray, or are troubled with falling of the hair, dandruff or Itching of the scalp, they have only to use Ring's Vegetable Ambrosia, and their trouble will soon be over. The preparation is not only a restorer of gray hair, but one of the most elegant hair dressings we have ever seen. It also by softening and invigorating the hair, prevents premature baldness and in many cases restores hair to bald heads. April 17. 1m

To Builders.—Col. C. H. Buehler has received a very large assortment of Lumber suitable for Building purposes, including Boards, Plank, Flooring, Siding, Laths, Pickets, Shingles, &c. Also Posts, hewed and sawed, with prime Framing Boards, White Pine and Hemlock. Builders will do well to give him a call, as his stock is not only large, but his arrangements are such that he can sell at the very lowest cash rates.

Also constantly on hand, Blacksmith, Lime-burners' and Stove COAL, with an extensive assortment of COOKING STOVES, of the best make, Hollow-Ware, Tin-Ware, Japan-Ware, &c., which House-keepers will do well to examine. Warerooom on Carlisle street, opposite the depot. tf

Rare Attractions are now offered at Feistel's Fancy and Notion Store, Baltimore street. He has added a large quantity of new goods, including many novelties just introduced in the best city fancy stores. Call and see. His stock of Confections, Fruits, &c., has also been largely increased. Customers cannot fail to be pleased at Feistel's. It

Among the many restoratives which nature has supplied to relieve the afflictions of humanity, there is no more favorite one for a certain class of diseases than the "medicinal gum" of the Wild Cherry Tree; but however valuable it is, its power to heal, to soothe, to relieve and to cure, is enhanced ten fold by scientific and judicious combination with other ingredients, in themselves of equal worth. This happy mingling exists to a remarkable degree in

Dr. Wistar's Balsam of Wild Cherry.

whose value in curing Coughs, Colds, Bronchitis, Whooping Cough, Croup, Asthma, Pulmonary Affection, and Incipient Consumption is inestimable.

STRONG TESTIMONY.

From BENJAMIN WHEELER, Esq., Depot Master at South Royalston, Mass.

"In the spring of 1856 I was most severely afflicted with a hard, dry cough, with its usual accompaniments of night sweats, completely prostrating my nervous system, and producing such a debilitated state of health that, after trying medical aid to no purpose, I had given up all hopes of ever recovering, as had also my friends. At this stage of matters I was persuaded to try, through the influence of a neighbor to try Wistar's Balsam of Wild Cherry, and, before using two bottles, the effect was almost magical. My cough entirely left me, the night sweats deserted me, hope once more elated my depressed spirits, and soon I had attained my wonted strength and vigor. Thus has this balsam, as has often been remarked by persons conversant with the above facts, literally snatched me from the yawning grave. I cheerfully give it my name in favor of its merits, as I consider it a duty to use this for the benefit of the afflicted."

The Gettysburg Compiler.

FRIDAY, APRIL 24, 1868.

CIRCULATE THE TRUTH!

Let it be borne in mind that any one of our *present* subscribers sending in the names of *four* new subscribers, with the cash in advance ($8 for the four,) will receive a credit of one year's subscription on his own account—in other words, for each new subscriber sent in, *accompanied by the cash*, a PREMIUM OF FIFTY CENTS is allowed as a credit on *present* subscriptions. A number of subscribers have already paid themselves ahead in this way, and many others could do the same with very little effort. Remember, that the most important Presidential contest in our history is approaching, and that a proper enlightenment of the masses as to Radical negroism, corruption and tyranny, will surely defeat that party at the polls. The Democratic newspapers will do this, if properly circulated. The COMPILER, always in the front when duty, will be found as earnest and faithful as ever. Democrats and Conservatives, help to spread its influence in THE CAUSE OF THE PEOPLE.

The Compiler for the Campaign!

WHITE MEN, TO THE RESCUE!

In order to place the COMPILER within the means of *every voter in the county*, we have concluded to offer it for the campaign—from this time until after the Presidential election, in November—at the following low rates:

Single Subscribers,.....$1 00 each.
Ten copies,.....$8 00 or 80 cents " "
Twenty copies,.....15 00 or 75 " "

This will barely cover the cost of white paper, and we must therefore ask payment *in advance in all cases*. The paper will be sent immediately upon receipt of order, either through the mail or otherwise.

To Home-Keepers.—Young folks and others, who are preparing to go to *house-keeping this spring, will do well* to make a call at Col. C. H. BUEHLER'S Ware-rooms, near the Depot, Gettysburg, Pa., where, in addition to a large variety of the most approved COOKING STOVES, Sitting Room and Chamber Stoves, can be found a very large assortment of every kind of TIN-WARE, Hollow-Ware, Japan Ware, Toilet and Chamber Sets, Bread and Spice Boxes, Tea and Coffee Canisters, Waiters, Coffee Mills, Water Coolers, Spittoons, Pudding Moulds, Flour Sieves, Candle Sticks, Smoothing Irons, Egg Beaters, Fruit Cans, Jelly Moulds, and a thousand other articles in the house-keeping line—all of which will be sold at lowest cash prices. G. & H. EARHORE,

PIANO FORTE

MANUFACTURERS,

Ware-rooms 318 Bleecker Street, New York City.

22 Years Established, and 27 Prize Medals Awarded.

Our Piano Fortes are now universally acknowledged by the most distinguished artists to be the best manufactured, and wherever they have been introduced and tested, we are not required to say one word in their favor, their excellence stands pre-eminently to those of other makers; and from the great success achieved, and improvements made by us in the last thirty years, we can afford to sell a first-class Piano forte at $100 to $150 less than a similar one can be bought elsewhere.

Every Piano Forte we Warrant for 5 Years, and to give Satisfaction.

Our Pianos are made to last; the materials used for every part are thoroughly seasoned, and of the very best quality that can be procured. No *pains are spared*; what the *public* ought to have *every* piano possess, never escapes our vigilance. Every part, inside and out, is honestly, faithfully and thoroughly made. So that it will bear the most minute examination. They differ from the loud, coarse tone of most pianos, which is bad in the beginning, and grows worse every day; inasmuch as it is refined and delicate, pure in its vibrations, delightful in its singing capacity, and has all the power necessary to produce every desired effect.

They are, without doubt, the best, the most lasting, and consequently the cheapest. We are content with a fair profit. Our prices range from $300 to $900.

DOUBLE IRON FRAME

PIANO FORTES,

COMPLETE PROTECTION AGAINST WET, COLD AND HOT CLIMATE.

(Patented February 20th, 1868.)

WARRANTED FOR FIVE YEARS,

Ware-rooms, 432 Broome St., New York.

The Patent Monitor Plate Pianos by their peculiar construction are superior to all others, and their merit consists in the wrest plank being supported by *this* iron frame, allowing a larger space for the sounding board than is possessed by any other kind of piano. By this means the quantity as well as the quality of the tone is largely increased.

These Pianos have been pronounced by the best judges to be unrivalled for

Power and Sweetness of Tone, Easy and Agreeable Touch and Beauty of Finish.

Most flattering certificates of excellence from Thalberg, Gottschalk, Strakosch, Vieuxtemps and a large number of the most distinguished Professors and Amateurs. Upon being experience and superior facilities for Manufacturing, we are enabled to offer our Pianos at as low prices as are asked by inferior makers.

AND GOLD MEDAL

given to AMERICAN SEWING MACHINES, per Imperial Decree, published in the "Moniteur Universel" (Official Journal of the French Empire,) 2nd July, 1867, in these words:

ELIAS HOWE, JR., { Fabricante de Machines coudre exposant. / Manufacturer of Sewing Machines, Exhibitor.

The Howe Sewing Machines are celebrated for doing the best work, using a much smaller needle for the same thread than any other machine.

They are adapted to all kinds of Family Sewing, and Manufacturing of every description, making a beautiful and perfect stitch, alike on both sides of the article sewed, and will neither *rip nor ravel*.

Each Machine is as near perfection as the best machinery in the world can make it.

The parts are exactly alike, so *any* part needs to be replaced, the operator can replace it.

The New Improved Family Machine is without a rival, and cannot be surpassed—a Hemmer, Feller, Binder, Quilter and Gauger go with each Family Machine free of charge.

Buyers of Sewing Machines are earnestly cautioned to observe the Medallion Head of Elias Howe, Jr., Trade-mark, as counterfeits are being offered. Certain parties have taken advantage of a similarity of frame, and other equally dishonest devices to foist imitations on the public as Howe Machines.

COMMON SENSE FARMING.

In the opinion of most men farming has been conducted from time immemorial with too little regard to the teachings of common sense. In old times it was the custom for sons to take hold of the farms, and manage them just as their father did, without inquiring whether this was the best way. They put in the crops at the same time, in the same month, and cultivated them in the same way, and got just about the same returns. Whereas, if they had exercised a little common sense, they might have had some other crop that would have been far more profitable, or a much more abundant yield of the same. They did not reason about the matter, but followed a track which had been beaten before them.

Farmers at the present day, especially what may be called fancy farmers, have gone to the other extreme. With them the cardinal virtue has been to disregard the past, to strike out some entirely new course, to do all their farming on some practicular theory to which everything must be made to conform. If they have not taken to raising hobby-horses, they have taken to riding hobbies, until many a one has been ridden to death.

Every farmer ought to be a reading and thinking man, looking into what is new, to see what value there may be in it; but farming is eminently a practical business, to be conducted not so much on theory as on experience. A theory may be very splendid, but if it does not work well, it is worth nothing at all. An inventor of some fertilizing material, for instance, may make it as clear as the sun, on paper, that it contains all that is requisite to insure an abundance of this or that particular crop; but if it does not cause the crop to grow, if it proves a failure when it comes to be applied to the soil, it will not be worth any more to the farmer than a recipe for making moonshine out of cucumbers.

The great thing for each and every man to do, after getting all the suggestions and information that he can, from others and from books, is to exercise his own common sense in cultivating his grounds. Let him not be governed by any mere theory, or by any iron rule of the past, but by the nature of his soil, the situation of his farm, the circumstances of his family, and a variety of considerations which cannot here be named; but especially by his own observation and experience upon his own farm. Experience is the result of experiment, and this should not always be conducted in one direction; but common sense should be the judge to which all questions should be left for decision.

How to Raise Early Tomatoes and Lima Beans.

Tomatoes can be raised ten days earlier than usual by *lopping the vines*. Ninety per cent. of the fruit is within eighteen inches of the ground, and ninety per cent. of the vine is beyond that distance. The vine does not bleed, so that it may be cut fearlessly, and the removed branches should be dug beneath the surface. The proper time is when the first fruit is of the size of an egg. The same principle applies to lima beans. If allowed to grow at will they will measure forty feet; but the first beans are formed on the lower part of the vine, and many of those on the upper part of the vine never ripen. When the beans are *five feet and a half high*, pinch off the terminal bud, and repeat this process should a new shoot start from the final leaf stalk. In consequence of this shortening in, new shoots will be thrown out from the main stalk, and these will be well filled with beans, and so early in the season as to perfect their ripening before frost. As compared with the old system of permitting the vine to run at any length unchecked, this has many advantages. The main stalk becomes twice as large, the fruit-bearing shoots are formed early, and the amount of crop is doubled. On the old system more than half the bean-pods are developed too late to perfect themselves before frost. Lima beans require heavy fertilization, and even the most highly nitrogenous manures may be fearlessly applied in great quantities.

Several cultivators have tried different methods of cultivation. One was in the habit of using poles five or six feet high, with rails tied on the top horizontally. Thus treated the beans bear an abundant crop.

Another planted about the middle of May, in drills. The beans were three or four inches apart in rows. For the want of poles, pea-brush was used, and the vines ran all over it. This crop was a very good one.

Others, using poles, let the bean run to the top of the pole, and then turn it down; if too long or vigorous, it is turned up again.

But the simplest, most effective, and most approved methods are as we have stated; nip off the shoots at 5½ feet, and train to poles 3½ feet apart.

HAY.—It has been ascertained that well cured hay weighed in the field, July 20, and then stored in the barn until Febuary 20, had lost 27½ per cent. of its weight. It is, therefore, better to sell hay in the field at $15 a ton, than from the barn at $20 in mid-winter.

POTATO BUGS.—One of our correspondents writes that if farmers will plant their potatoes near the house or barn, where the hens and young chickens can have free access to them, they will keep the bugs off. He says he has tried this plan for two years—last year and this—and has not been troubled with the "varmints."—*Ex.*

ILLINOIS WHEAT PROSPECTS.—The Chicago *Journal* says that the reports from Southern and Central Illinois are, almost without exception, that the winter wheat passed through the cold weather successfully, and promises an unprecedented harvest.

THE IMPEACHERS.—Bingham, Butler, Logan and Stevens are the "Managers" of the impeachment outrage. And a pretty set they are. Butler accuses Bingham of hanging an innocent woman. Bingham accuses Butler of stealing spoons. Logan is accused of having encouraged the secessionists to rebel, and of having induced men to enlist in the rebel armies in the early stages of the rebellion. He is also accused of acting as counsel for parties who have practiced enormous swindles upon the Government. Stevens was the moving spirit in treasonable and revolutionary proceedings in Pennsylvania, thirty years ago, which occasioned the "Buckshot War." He is also guilty, by his own confession, of violating his oath to support the Constitution of the United States. Such men are fitting instruments to prosecute the impeachment mock trial. —*Reading Gazette.*

WASHINGTON is said to afford more cases of extreme poverty and want, and misery and wastefulness, than any other place of the same population in the country.

TO FARMERS!

Pacific Guano Company's

SOLUBLE

PACIFIC GUANO!

PRICE REDUCED TO $56.00 PER TON.

THE USE OF THIS GUANO in Maryland for several years for Corn, Tobacco and other Spring Crops, as well as for Wheat, has established its excellence. It possesses all the quickness of Peruvian Guano, with permanent qualities not possessed by that article.

Experience has shown that this Guano ripens the Wheat crop from *five to six days* earlier than the Super Phosphates. It also ripens Tobacco earlier, and produces a crop of better quality. The Pacific Guano Company has authorized the above reduction in consequence of the depressed condition of the farming interests in the Southern States. It is the purpose of the Company to furnish the *best fertilizer at the lowest price*, which they are able to do by reason of their large capital and facilities. The Guano is warranted same in quality as heretofore sold by us.

ENTRY'S CELEBRATED

COTTAGE, HARMONIC AND BOUDOIR *ORGANS AND MELODEONS.*

These Instruments stand unrivalled by any thing found in this country, or in Europe, as is admitted by all impartial judges. The most eminent Pipe Organ Builders and Performers, the last to discover excellence in reed Tone, pronounced them vastly superior to all others for exceedingly quick articulation and round Tone, the essential feature in instruments of this class. We invite the severest scrutiny and criticism of all.

PATENT VOX HUMANA TREMOLO.

This late and most wonderful invention is acknowledged by all leading artists) will be found only in the Estey Instruments. In attempting to describe the effect of this stop, we are at loss for language. Its beauty cannot be written, but must be heard to be appreciated. By this stop an ordinary performer can produce an effect which requires a life time of practice for an artist upon a violin. It entirely changes the entire Tone, giving the sympathetic sweetness of the human voice, making it so melodious and pure that it never fails to enchant the listener.
